Subterranean (Ben Hood Thrillers Book 15)

Synopsis

Deep in the cold dark limestone caverns of the South Australian coastline, drugs worth millions of dollars are being smuggled inland from ocean caves. An experienced diving instructor becomes suspicious and her mother is concerned enough to hire ex police detective Ben Hood to watch her. Ben enrolls in her cave diving course which ultimately leads them both into a dark sinister world where deception and death are frequent stalkers. Ben is forced to deal with ruthless businessmen, professional killers both male and female and a stunning police detective who shows an intense interest in his activities and takes him to limits that have nothing whatsoever to do with the subterranean world.

Another good one from Lindsay. Ben Hood just plain rocks. This one starts with Taylor Mitchell, an experienced cave diver, in a sinkhole cave. Taylor is looking for evidence that someone is using the caves. This sinkhole is on her families property. In fact there are many sinkholes on this property. A property that produces cattle, vegetables and wood. The owners are quite wealthy. Her Mother is home and her Father is in the States. He has many mistresses and could care less about her and her Mother. Rodney Reid, owner of VIP, has asked Ben Hood to go to Southern Austrailia and meet

with Gloria Mitchell, Taylor Mitchells Mother. She wants someone to follow her daughter Taylor. Ben isn't too keen as he sees Taylor as a high spirited young woman who is doing what comes naturally to her. She's an experienced instructor and cave diver. He doesn't think she needs watching by anyone. Ben decides to go. He also decides to get certified in the highly dangerous sport of cave diving. He's already a certified diver and takes this as a challenge. While there he will also be keeping an eye on his instructor. Taylor Mitchell. Two birds with one stone. Upon meeting Taylor she gives him a hard time. She thinks he's too old to be cave diving. He passes her first test so she decides to go the rest of the way. Taylor also turns into one whole lot of trouble. On their second cave dive they find a body and someone has tampered with the air mix trying to kill Ben, Taylor and Dawn. So begins one damned fine read. This one has Ben, Taylor, her pal Dawn Morrish, drugs, murder, attempted murder, kidnapping, an assassin, Terri Cornwell second in charge of Detectives and Ben Hood trying to figure it all out. Another Five Stars for Ben Hood.

Ben Hood is in deep waters and in the middle of foreign drug smuggling. Fast action, good characters, who as usual, don't tell all, at first. There is nothing about this 'affair' that is not dangerous to everyone and there are a few bodies to content with as well as double crossing smugglers. The author keeps us guessing to the end - who will win and who will die? Get it and enjoy.

The appeal of Drew Lindsay's books, is for me, the meticulous attention to detail on top of an enthralling story. Subterranean in this regard definitely measures up to this criteria. Another thoroughly engrossing tale with the enigmatic Ben Hood. Subterranean caving is an area which very few people will visit in their lifetime, so for me, learning about this facet of life was interesting. The story kept me gripped right till the end. I really enjoy the way that Drew Lindsay seems to thoroughly research all of his books, and I definitely recommend this book to all Ben Hood fans.

Number 15 of the (Ben Hood Thriller's) will not disappoint. Thrilling cave diving sequences, interesting gorgeous characters and a beautiful assassin and some, (not so beautiful) will keep you page turning into the night. Each new Ben Hood story keeps getting better as Ben again puts his life on the line more than once. A must read for Drew Lindsay Fans!

Another good read by Drew. When a book is released, can't put it down so it's read very quickly which is usual for Drew's Ben Hood series; This one was no exception and the "plot" is even more

interesting knowing the location of the story. Still no shortage of women for Ben but more frustration for "poor" Rodney who never seems to know what his best operative is up to!! Well done Drew, keep 'em coming.

Ben Hood still has it! I've read 1-14. The reason I lower this to a 4 rather than 5 is his extreme interest and every skirt that passes. He was more interested in his goals in the previous novels, but he is still formidable.
