# Disorganised Crime (Ben Hood Thrillers Book 12)

## Synopsis

Ex Police Detective Ben Hood was trained and experienced in the deadly art of Ninjutsu. His teacher often pitted his skills against other students of the fighting art. The beautiful and strangely complicated Italian woman gave little away during their training sessions. When she later went missing, Ben was hired through the VIP protection agency that employed him, to find her. It should have been a fairly easy job. What Ben didn't initially know, was that this woman was the wife of a senior member of the Australian mafia, operating in a large NSW country town. Ben's attempts to locate her would bring him on a collision course with men who kill when strangers poke their noses into activities of the mafia, either personal or business. What the mafia boss doesn't understand however is that he is not dealing with just another law abiding VIP protection agent. He is dealing with Ben Hood. Ben rarely follows the rules, making him unpredictable and dangerous.

## Customer Reviews

Well done Drew Lindsay....you have penned yet another fabulous book, again meticulously researched, as have been all of the previous books. Ben Hood is an enigma.....and that is part of the attraction to every one of this author's books. "Disorganised Crime" engaged me thoroughly

from beginning to end, and I am looking forward very much to the next book by this author.

This was one of the best stories thus far. I thoroughly enjoyed the characters and story line in this story. I hope these stories continue to be this exciting.

good read

this author never fails to deliver a combination of interesting characters, mystery, and a background of his own vocations. The novel is fast moving, grabs your attention from the getgo and never lets up until the end.

The sage of Ben Hood continues. He seems to continually be called upon and he solves cases but he goes thru much pain.

I read all the Ben Hood books and was sorry when I was done! I have never read one of these books I could stop before the end!
