# Scholastic Explora Tu Mundo: La Selva Tropical: (Spanish Language Edition Of Scholastic Discover More: Rainforests) (Spanish Edition)

## Synopsis

A comprehensive modern reference book all about rainforests for confident readers. This book is far more than a collection of bugs and butterflies. It explores rainforests by continent, so the young reader gains first hand experience of the contrasts between the flora and fauna of South America, Africa, and India. It introduces indigenous people who reveal age-old secrets of survival in the forest. It explores how rainforests are exploited for every day products in everyone's homes. The latest research reveals newly discovered creatures unique to this book, and the current threat level to our planet as we continue to destroy Earth's most diverse habitat. Este libro es mucho más que una colección de insectos, mariposas y otras criaturas. Explora la selva tropical continente por continente de una manera que los jóvenes lectores podrán experimentar de primera mano las diferencias que existen entre la flora y la fauna de América del Sur, India y África.

## Customer Reviews

Excellent! Love the "Explora tu Mundo" series. Wonderful illustrations and fun facts. Information doesn't delve too deep, but it wasn't made to. Lots of general info and tidbits that kids and adults

alike can appreciate. If used as a second language learning tool, the value is even further augmented. While as far as I know it's not marketed as such and contains no English or linguistic explanations, it could prove a worthy aid (especially for vocab) for a competent Spanish language learner. Well worth the money.
