Customer Reviews

I am enjoying this book series tremendously, the characters have depth and this writer makes me want to get to know them in depth. Lots of graphic stuff but actually a very good love story.If you want more than just a predictable then this is the book to read.I loved this story. It is a quick read, so it's perfect if you're looking for something short to read between novels. It's beautifully written. I think

that this author has excellent word choice in all of books, but it is especially impressive in this story. The story is elegant and vulnerable and sexy. The author has introduced wild girls and fresh cherries and smoking hot lesbian romance which definitely attract our attention. Recommended!

Great long story , now if they would just come back and finish it . I love these authors I continue to find their storytelling to be captivating .Wow! Just wow! Beautifully written and very very worth reading! I love this story and couldn't put it down! Definitely should be on everyone's reading list! I received this product in exchange for my honest opinion.

To be honest, this is the first time that I have read a lesbian themed book and I got really interested in it. The story line is good and I liked how the characters are defined. I just think that there are still some room for improvement when it comes to the story. Overall, it is a good book.

So freakin hot. Seems like the girls in this short stories are really enjoying each other's company. This is what they call same feather flocks together. A quick read so you won't be bored on every scenes. The thrill is there as well. You can't directly predict what would happen next.
