Stripped Down

Synopsis

What do you get when you mix a bottle of tequila, a single mom moonlighting as a stripper, and her sinfully sexy boss with an impulsive side? Married. You get married. Rich. Demanding. Hot. Crazy. That was Beckett Cruz in a nutshell. Not to mention wild, determined, dangerous, and forbidden. He was my boss "and, after a drunken moment of insanity, my new husband. An annulment was impossible... so was keeping him. I was taking my daughter and leaving, determined to give her a quieter life. But Beckett Cruz had never taken no for an answer. And he wasn't about to take mine. What happens in Vegas... might just keep you there. (STRIPPED DOWN is a standalone, erotic romance novel. It is a companion to STRIPPED BARE, although it isn't necessary to read it first.)

I absolutely loved Beckett and Cassie! Cassie is a single mother doing what needs to be done to support her and her precocious and beautiful six-year old daughter Ciara or CiCi as she's called. And I'll just say right here, that CiCi is right up there with Mila Burke as one of my most favorite book kids EVER! Anyway, Cassie works at The Landing Strip the strip club that Beck and Wes own and

she's darn good at her job....until one night. On this night Beck notices and calls her to his office and this is when the fun begins!!! To put it mildly, Beck is the epitome of tall dark and handsome and is like sex on a stick!!! When these two are discussing why Cassie is off her game while on stage, he does it while they're drinking some tequila and you know what happens when too much tequila is consumed right?...."He shot me that grin again, and this time, the cobwebs on my entire vagina disintegrated." And oh how pleasurable that disintegration is...as the night wears on, more tequila and more conversation both with words and their bodies and before you know it, they're married!!! Here's the thing though, even though it was done in a drunken stupor I was hoping that they would see how good they were for each other. And when it comes time for the divorce papers to be signed and they aren't, words are thrown around and instead of getting pissed at her Beck does what he does best, he kisses her...."He kissed me like the world was ending around us and I was the memory he wanted to die with." Talk about sending me over the swooning edge!!! Adding to the sweetness and the "she needs to keep him" category is when CiCi meets and starts to fall in love with Beck and it's a mutual love.

I can always count on Emma Hart's books to be quick, dirty, and fun, and Stripped Down meets all of my expectations. Beckett is everything I love in an alpha hero. He is dominant in the bedroom, but he is caring and sweet in all other aspects of his relationship with his woman. He listens attentively to verbal and nonverbal cues of Cassie, and he works hard to make her life better. Seeing him with her daughter CiCi is another reason the reader will fall in love with him, and it will cause serious ovary explosions. I am going to be honest and say his interactions with the heroine's daughter are some of my favorite parts of the book. These tiny scenes make me love him even more. Cassie is a single mother that is doing a job she hates in order to provide for her child. Readers will love this heroine because she sacrifices for her child's happiness, and she isn't bitter or angry about it. She does have fears that hold her back, and the reader will want to strangle her due to all the back and forth that goes on in her mind but it is understandable. She has been damaged pretty bad in the past, and so what motivates her as a character makes her behavior understandable. Her daughter, CiCi, becomes this little ray of sunshine in the book. She adds some comic relief and breaks some tense moments between Beck and Cassie, but Emma Hart uses her character to bring them together and help the reader fall in love with the two main characters not only individually but also as a couple. I enjoyed the plot and pacing of the story. The progression of the story moves quickly, but Emma Hart pulls it off, because, although it is a short time span, there are days that they literally spend all day together.
