Synopsis

After five lonely years out west, Chad Butler spots a curvy beauty in the crowd at his hometown honky-tonk and knows he has to have her. Heâ€™s going to lasso this little filly straight into his bed â€” and into his life. Rachel Sweeting enjoys the peace sheâ€™s found in the middle of miles of cornfields with her Aunt Jessie. Her new life keeps her safely tucked away from the pain and embarrassment of her past. But, when her truck breaks down in the middle of the night and a hunky cowboy rides to the rescue, sheâ€™s knocked straight out of her boots. Her romance books have told her love-at-first-sight is real and for the first time, Rachel is a believer. But when a dangerous past connection threatens their ride into the sunset, will Chadâ€™s devotion to his woman be enough to save the day? Authors Note: This dirty talking cowboy hasnâ€™t touched a woman in years, and when he falls, itâ€™s hard and fast, making for an instant love connection and obsessed alpha hotness. If youâ€™re looking for love-at-first-sight, NO cheating and filthy sweetness, come sit a spell but bring a fan, itâ€™s hot. Wrangler is a full length, 75K word stand alone novel.

Customer Reviews

I received this book as an ARC for my honest reviewIn some cases when I am reading a story

and I feel so many mixed emotions, I have to stop to write my thoughts. In this case of receiving this book as a review, I know I need to share my opinion why it's still fresh. While I enjoy this story, I also feel like it's a little misplaced. I say this because of the characters. You have the hero of the story (Chad), who is sexy and strong and completely arrogant. Not only that but he is a little too self-confident. I almost want to say he is a jerk in his own right. I believe in love at first sight and I believe that when you see or meet that one person who makes your heart and belly flutter, you can feel a strong connection. What I don't like is that he is very forward with her and she doesn't stand up for herself. Rachel has been through an incident that affected her self-esteem and her own self-worth. She lives in her own bubble until she meets Chad. She also feels a strong connection towards Chad. However, being that she has been through a traumatic experience, you would think that she would express that she is uncomfortable with some things. When Rachel reunites with Chad after running away from him, he tends to be overly possessive. He tells her what is going to happen rather than giving her the option of having her own opinion. He expresses his love for her and not really giving her the chance to express her own concerns. The only words that really come out are short answers. I understand that he loves her and wants to be her protector, but he also needs to respect her enough to listen to her enough to allow her to speak her wants and desires. She might not be experienced like he is but, she has a right to tell him what she wants.

4.5 Stars! So if you like a dirty talking, sexy cowboy who goes over the top possessive and will stop at nothing to get his HEA, then you will love this novel. "Wrangler" by author Dani Wyatt.....A standalone novel. **Note...There may be some triggers here for some readers regarding child abuse. This was something that occurred in the past though. **Ok...before I continue with my review I want to mention this is the second book I read by this author. It won't be my last! I have to say thank you to my friends of Instagram because that was how I discovered this amazing novel of two people who were meant to love each other. Chad Butler moves back to his home state after being away for the past five years. He left to isolate himself from the appalling crimes of his stepbrother. Now that he has returned he is hoping to set up a horse training business. Chad doesn't plan to add a woman to his plans either. It's not that he doesn't want to, it's because he doesn't believe his perfect woman exists. That is until his best friend drags him out to the local bar on his first night back in town. Chad is stunned by his reaction to a beautiful, curvy waitress. He feels instantly protective and not a little possessive. From that moment on, he vows to stop at nothing until he makes that gal his. Rachel Sweeting moved from her hometown, and loser of a mother, several years ago to live with her Aunt Jessie. Aunt Jessie welcomed her to her home. She gave Rachel love and security as well as a

place to call home. A true home. A safe home. Rachel never had that before. Especially the love. Rachel was so grateful to her aunt for freeing her from a horrific childhood. Rachel works at a local bar a few hours a week, waitressing.
