# Helping Nina Nurse

## Synopsis

She was a young mother - full and naive and inexperienced - and she needed their help...Susan, Peggy and Barbara were three women who had become friends through years of play dates and raising their children. Their children were grown, and the women had become frustrated with their sexless marriages. Their weekly luncheons were now filled with wine and suspicious talk of their husbands' wandering eyes...And then along came Nina...Susan invited the gorgeous young mother to join the group, thinking it would be the spark they needed to turn their little group around. God knew Nina needed the help - she was a new mother, still trying to get a handle on tasks like feeding her young child. But Nina was young, and Nina was gorgeous, and Nina represented everything the women considered a threat to their stale marriages. So they decided they would 'help' Nina, while helping themselves at the same time...Susan tried to keep things from getting out of hand. She tried to protect the fertile young mother. But she soon realized that she was as bi-curious as the other woman, and things quickly got out of control. But she will soon find out there is more to Nina than meets the eye...\*\*\* This is an erotic tale of hucow adventures amongst bicurious, bitter housewives - enjoy if you dare! \*\*\* \*\*\* NOTE: This ebook contains the bonus ebook The Breast Experiment! \*\*\*

## Customer Reviews

This book just knocked my socks off. Not quite what I expected yet very well written. I loved the fact that I could see the whole scene developing in smaller towns or close knit neighborhoods. I didn't foresee the ending at all. If I could give this book 10 stars that would be my rating. Purchase this book and read it now!!!

These stories are always so short and fast. Needs more of a plot. Not as juicy as I thought it would be

Was a quick read. Had some funny parts to it.
