Customer Reviews

I admit that I didn't read all of the book since there's so many stories to read, but I read some of them that appealed to me. Some of these stories appear in other books by the publisher as well, so I had already read quite a few of them. There is something for everyone though, no matter what type of erotica you like. The stories are predictable and some are flat out weird, but overall, still a good read if you like erotic short stories. I received an ARC in exchange for my honest review.

This is a great collection of stories. It has stories for any erotica fan. I couldn't believe the

assortment in this collection. This is definitely a must have collection.

This is a great collection of erotica. A little something for everyone, bad boys, doctors and even hot aliens. The stories have plenty of steamy sex and the men are hot and commanding. I really liked it!
