Customer Reviews

Wow I loved these books I have not read all of them yet but the ones I did hot sexy funny and sassy women what more can you want I read Selene Kitts books first and I have always loved her stories so much in packed and hot hunky stories are such good reading material the first book is stepbrother studs Logan. Logan was with Sila and they lived in Alaska and he wanted to start a family but Sila did not want to she wanted to go see things so he got home to see his step sister from a different marriage Asa was her name and he found out she was in love with him so what can they do great story loved it hot and sexy and the rest is history lol Michelle Step by Step (Volume 1): 16 Book Forbidden Romance MEGA Bundle (Excite Spice Boxed Sets) I got these stories for free for an honest review and they are so worth getting just pennies too.

I received this ARC in exchange for an honest review. If you are into the taboo (step sibling/parent) relationships, then this is an excellent compilation of 16 books. Steamy and graphic sex, swearing, and action are in all the stories. The negative is that there are some cliff hangers which ruin an otherwise good read.

What a fantastic, interesting and hot steamy book to read and I thoroughly enjoyed reading each and every story although there is two cliffhangers (big disappointment) These stories are written by various talented authors and cover step-sibling (stepbrother with stepsister) relationships and stepfather with stepdaughter relationships that have a bit of drama, suspense and humor in them. I would recommend this book to people that are open minded and like to read short hot steamy stories. You will not be disappointed in this book. "I was provided with a complimentary copy of this book so I could give an honest review."

Wow this group of book are some of the hottest. taboo stories of hookup between step brothers and sisters or step fathers and step daughters, anything step, if you love smoking hot, panty meltin stories these books will rock your world, have plenty of batteries. Or the one you love to work off some of the steamy hot scenes you both can enjoy these books they are sure to heat up your love life selena kitt and the other authors in this set with set your panties. And imagination on fire a sexy hot

set of books, adults only believe me your other half will love to help cool you off,

I received this ARC in exchange for an honest review. If you are into the steamy taboo relationships, then this is an excellent compilation for you. It is full of hot, sweaty sex and lots of taboo love. I enjoyed a lot of the stories, but there are some cliff hangers that you have to buy other books to find out the end of the stories. I think that most of the stories are well written and flow well and others were a little too short/long. Otherwise, it was a good book.

I have only had the chance to read a few stories so far so this is a partial review. I will revise my review once all have been read. So far the taboo stories have kept my attention. The first time I read a "step" romance story I was a little embarrassed at how much I liked it. It was almost incestuous but not really. But I continue to enjoy the many different stories these authors allow to pour from their imaginations.

ARC. Very nice 'tabooness' going on in these stories. Some of them, however, you can tell that they're written by a guy because they read like typical guy fantasies. Note to those authors, know your target audience. The other stories (most of them) are good romances mixed with a steamy taboo sauce and sexy, spicy elements. I do recommend this book set, but only those with thick skin should read it. You've been warned. ;)

Turn up the air conditioning...these stories are HOT!!! 16 great stories by different authors, some of whom I was familiar with and some new ones I am glad to have the pleasure of reading for the first time. Oh so naughty and crammed full of sizzling sexual encounters guaranteed to raise the temperature. GREAT book bundle at a fantastic price.
